Key highlights of my role include - Preparation of litigation bundles for DIFC and Dubai courts, under the guidance of associates and autonomously, involving meticulous analysis in collaboration with legal counsel.

Conducting extensive research, compiling findings, and delivering presentations to the firm's partners and associates on the standardized bank transfer processes in practice.

Drafting correspondence on behalf of associates and partners to clients and counterparties, while conducting expedited legal research spanning various areas such as Company law, Litigation, M&A, DIFC legislation, and general IP rights.

Creation of comprehensive Excel spreadsheets detailing debts with interest calculations owed to the firm's clients, tailored for litigation purposes.
